

We build the room, then we run it.

MAS Egypt develops and operates food and beverage brands in Cairo, and runs venues for owners who hold the site and the capital but not the operating team.

◆ WHO WE ARE

MAS is the operator, not the sign above the door.

We build and run food and beverage brands in Cairo. Each one carries its own name, colour and voice; the group backs it, guarantees it, and stays one step back. What we sell is not a logo on a fascia but the thing a single restaurant cannot buy for itself.

That runs upstream as well as down. Green coffee and raw produce are bought direct, roasted and prepared in our own production, and sent out to houses we staff and train ourselves. The margin and the quality ceiling both live above the kitchen, so that is where we start.

Alongside the brands we own, the group operates venues for owners who hold the room and the capital but not the operating team. Same standard, same reporting, and the name over the door stays theirs.

— BRANDS WE OWN

OWNED

Aroma Lounge

Coffee, kitchen and desks

- ◆ Specialty coffee, a full drinks bar and a kitchen running feteer, grill and breakfast
- ◆ Two branches in New Cairo, open morning through to late
- ◆ Work desks for students, freelancers and remote teams

OWNED

COVY

Lounge and late kitchen

- ◆ Evening lounge with a late kitchen and a full bar
- ◆ Built for the second half of the night
- ◆ Private hire and events

— OPERATED FOR OWNERS

YOUR NAME HERE

OPERATED

Owner-branded venues

Named on request

The owner holds the site and the capital. MAS runs the floor, the kitchen and the numbers to the standard we hold our own brands to, and reports every month. The name over the door stays the owner's.

Owning a venue and running one are different jobs.

We operate

FOR OWNERS WHO HAVE THE ROOM BUT NOT THE TEAM

- 01 Floor and kitchen hiring, training and rota
- 02 Menu engineering against real food cost
- 03 Supplier lines and prep systems
- 04 Monthly covers, spend per head, waste and payroll reporting

OUTCOME **A room that runs without you in it.**

We build

FOR A SITE THAT HAS NOT OPENED YET

- 01 Concept and positioning
- 02 Menu architecture and pricing
- 03 Kitchen layout and equipment brief
- 04 Opening team structure and launch plan

OUTCOME **An opening that was designed to be operated.**

We fix

FOR A ROOM THAT IS TRADING BELOW WHAT IT SHOULD

- 01 Food and labour cost audit
- 02 Menu rework and supplier renegotiation
- 03 Service model and rota rebuild
- 04 Ninety day plan with the owner in the room

OUTCOME **A shorter list, in the order it should be done.**

We supply

FOR KITCHENS OUTSIDE THE GROUP

- 01 Coffee programme and roast to spec
- 02 Bakery and prepared items
- 03 Standing order and delivery
- 04 Quality control on every line

OUTCOME **One less thing your kitchen has to make.**
